PREVENTING DISQUALIFICATION WHEN BIDDING ON RFP # P23-002 for THIRD PARTY ADMINISTRATOR (TPA) SERVICES”

A) This is a public sector RFP, the underlying premise of which is a “level playing field” for fair competition among all participating bidders. Public sector rules and requirements may differ significantly from those in the private sector. UH evaluators and Purchasing Services, as well as bidders, must meet certain requirements in order for an award to be issued. Some examples:

- 1) Ensure your bid proposal is complete and includes all required documents. See RFP Sections 1.0, 3.0, 5.0, 8.0, and 9.0. Note regarding section 9.0: make any objections to insurance requirements known immediately, **before bid opening**.
- 2) If your bid proposal takes exception to UH payment terms (45 days), your proposal likely will be determined to be non-responsive. UH may accept shorter payment terms with additional discounts (e.g., 2%/30 days).
- 3) Sign and submit your bid proposal in a sealed package.
- 4) Identify your bid package as stated in the RFP to help avoid loss or accidental opening.
- 5) Submit your bid proposal to Purchasing Services by the prescribed opening time and date. Any late bids will be disqualified. Purchasing Services is not responsible for any bids that arrive late. Suggestion: send your bid in time for delivery to Purchasing Services a day or two earlier than specified in the RFP and track your shipment.
- 6) Initial handwritten changes, if any, prior to sealing and submitting your bid.
- 7) Other than procedural questions (e.g. directions to Newark) all questions must be posed using the protocol established in the RFP. Under the level playing field premise, all potential bidders must be made aware of any relevant information given to any bidder.

B) **Forms** – Problems (e.g. missing, incomplete) with forms are a primary cause of bid rejection. Determine in advance whether you have all necessary forms. Obtain any missing forms. Review to ensure you have all necessary forms, complete all of the forms and submit them with your proposal. RFP **Section 9.0** describes requirements, but some problem areas are:

- 1) The New Jersey State Business Registration – it does not have to be submitted with the bid, **but the bidder MUST have registered with the state of New Jersey BEFORE any contract can be awarded.** Registration often takes some time. If you are not registered, start the process immediately!
- 2) Ownership Disclosure Form – The bidder must complete the attached Ownership Disclosure Form. A complete Ownership Disclosure Form must be received prior to, or accompanying, the bid. Failure to do so will preclude the award of a contract.
- 3) The Affirmative Action (AA) Certificate – Previously the AA 302 form, which provides racial and ethnic hiring and working statistics, was the only AA document required to be submitted with a bid proposal. Currently AA requires the AA 302 Form and certification of its submission to the state of New Jersey. Certification requires a \$150.00 fee to the state. Without certification you may be disqualified, but you will not be eligible for award until UH receives evidence that the certification has been granted by the state. Links to AA to obtain certification are in Section 9.0 of the RFP.
- 4) Two Year Chapter 51 Forms – These forms establish whether the bidder’s firm or its principle ownership have made any political contributions. If these forms are not submitted your firm unequivocally **CANNOT** have a contract with a state entity in NJ.
- 5) Business Associates Agreement - Any deviation from UH Business Associate Agreement **may** be accepted but because of the process including legal review, any potential award will be delayed significantly.

- 6) MacBride Principles Certification – The Bidder must certify, pursuant to N.J.S.A. 52:34-12.2, compliance with a) the MacBride principles of nondiscrimination in employment as set forth in N.J.S.A. 52:18A-89.5, b) the United Kingdom’s Fair Employment (Northern Ireland) Act of 1989, and c) the bidder must permit independent monitoring of their compliance with those principles A bidder/offeror electing not to certify to the MacBride Principles must nonetheless sign the RFP Signatory Page AND must include, as part of its proposal, a statement indicating its refusal to comply with the provisions of this Act.

By signing the RFP Signatory Page, the bidder/offeror certifies that either:

- a. The bidder has no operations in Northern Ireland; or
 - b. The bidder has business operations in Northern Ireland and is committed to compliance with the MacBride principles.
- 7) Disclosure of Investment Activities in Iran Form – Pursuant to N.J.S.A. 52:32-58, the Bidder must submit the Disclosure of Investment Activities in Iran form to certify that neither the Bidder, nor one of its parents, subsidiaries, and/or affiliates (as defined in N.J.S.A. 52:32-56(e)(3)), is listed on the Department of the Treasury’s List of Persons or Entities Engaging in Prohibited Investment Activities in Iran and that neither the Bidder, nor one of its parents, subsidiaries, and/or affiliates, is involved in any of the investment activities set forth in N.J.S.A. 52:32-56(f). If the Bidder is unable to so certify, the Bidder shall provide a detailed and precise description of such activities as directed on the form. A Bidder’s failure to submit the completed and signed form will preclude the award of a contract to Bidder.

- C) **Exceptions** – Exceptions to the RFP specifications are the most serious form of non-compliance/non-responsiveness. Material exceptions have one cure – withdrawal of the exception by the bidder. Evaluators will look at all exceptions to see if any may be determined to be non-material deviations which would give no advantage to the bidder. Usually, exceptions give advantage to the bidder over its competitors and without withdrawal the bidder will ultimately be disqualified.

REVIEW:

- 1) Read and understand the entire RFP.
- 2) Follow instructions as presented above and in the following sections of the RFP.
- 3) Sign everything that requires signing.
- 4) Enclose all required documents and forms in your bid package.
- 5) Label the bid package correctly.
- 6) Submit the bid package ahead of time.
- 7) Take no exceptions.

5. PROPOSAL PREPARATION AND SUBMISSION INSTRUCTIONS

5.1. General

The bidder must follow instructions contained in this RFP and in the bid cover sheet in preparing and submitting its bid proposal. The bidder is advised to read thoroughly and to follow all instructions.

The information required to be submitted in response to this RFP has been determined to be essential in the bid evaluation and contract award process. Any qualifying statements made by the bidder to the RFP's requirements could result in a determination that the bidder's proposal is materially non-responsive. Each bidder is given wide latitude in the degree of detail it elects to offer or the extent to which plans, designs, systems, processes and procedures are revealed. Each bidder is cautioned, however, that insufficient detail may result in a determination that the bid proposal is materially non-responsive or, in the alternative, may result in a low technical score being given to the bid proposal.

The bidder is instructed to clearly identify any requirement of this RFP that the bidder cannot satisfy.

5.2. Proposal Delivery & Identification

In order to be considered, a bid proposal must arrive at the Department of Purchasing Services in accordance with the instructions in this RFP. Bidders submitting proposals are cautioned to allow adequate delivery time to ensure timely delivery of proposals. Late proposals are ineligible for consideration. **The exterior of all bid proposal packages must be labeled with the Request for Proposal identification number, final bid opening date and the buyer's name.**

5.3. Number of Bid Proposal Copies

Each bidder must submit one (1) complete original bid proposal, clearly marked as the "ORIGINAL" bid proposal in hard copy format and one (1) in electronic format, such as compact disc (CD) or USB/Flash Drive. It is suggested that the bidder make and retain a complete copy of its bid proposal.

5.4. Proposal Form and Content

The proposal should follow the format indicated in the following Sections of this RFP. The bidder should limit their response no more than 50 pages to one volume, if at all possible, with that volume divided into four (4) sections as indicated below. Additional pages as appendices will not count against limit.

5.5. Section 1 – Forms

Intended awardee(s) not in possession of either a New Jersey Certificate of Employee Information or a Federal Letter of Approval must complete the Affirmative Action Employee Information Report (AA-302) located on the web at http://www.nj.gov/treasury/purchase/forms/AA_%20Supplement.pdf. 5.5.6 Business Registration Notice

In accordance with N.J.S.A. 52:32-44(b), a bidder and its named subcontractors must have a valid Business Registration Certificate (“BRC”) issued by the Department of Treasury, Division of Revenue prior to the award of a contract. To facilitate the proposal evaluation and contract award process, the bidder should submit a copy of its valid BRC and those of any named subcontractors with its proposal.

Any bidder, inclusive of any named subcontractors, who does not have a valid business registration at the time of the proposal submission opening or whose BRC was revoked prior to the submission of the proposal should proceed immediately to register its business or seek reinstatement of a revoked BRC. Bidders are cautioned that it may require a significant amount of time to secure the re-instatement of a revoked BRC. The process can require actions by both the Division of Revenue and the Division of Taxation. For this reason, a bidder’s early attention to this requirement is highly recommended. The bidder and its named subcontractors may register with the Division of Revenue, obtain a copy of an existing BRC or obtain information necessary to seek re-instatement of a revoked BRC online at: <http://www.state.nj.us/treasury/revenue/busregcert.shtml>.

A bidder otherwise identified by the Purchasing Services as a responsive and responsible bidder, inclusive of any named subcontractors, but that was not business registered at the time of submission of its proposal must be so registered and in possession of a valid BRC by a deadline to be specified in writing by the Purchasing Services. A bidder who fails to comply with this requirement by the deadline specified by the Purchasing Services will be deemed ineligible for contract award. Under any circumstance, the Purchasing Services will rely upon information available from computerized systems maintained by the State as a basis to verify independently compliance with the requirement for business registration.

If the Bidder is unable to so certify, the Bidder shall provide a detailed and precise description of such activities as directed on the form. The narrative should convince UH that the bidder's general approach and plans to undertake and complete the contract are appropriate to the tasks and subtasks involved.

Mere reiterations of RFP tasks and subtasks are strongly discouraged, as they do not provide insight into the bidder's ability to complete the contract. 5.7.5 Organization Chart (Entire Firm)

The bidder should include an organizational chart showing the bidder's entire organizational structure. This chart should show the relationship of the individuals assigned the contract to the bidder's overall organizational structure.

5.7.6 Experience of Bidder on Contracts of Similar Size and Scope

The bidder should provide a comprehensive listing of **current and recent** contracts of similar size and scope that it has successfully completed, as evidence of the bidder's ability to successfully complete the services required by this RFP. Emphasis should be placed on contracts that are similar in size and scope to those required by this RFP.

A description of all such contracts should include and should show how such contracts relate to the ability of the firm to complete the services required by this RFP. For each such contract, the bidder should provide the name and telephone number of a contact person for the other contract party. Beginning and ending dates should also be given for each contract.

5.7.8 Subcontractor(s)

5.7.8.1 Should the bidder propose to utilize a subcontractor(s) to fulfill any of its obligations, the bidder shall be responsible for the subcontractor's(s): (a) performance; (b) compliance with all of the terms and conditions of the contract; and, (c) compliance with the requirements of all applicable laws.

5.7.8.2 The bidder should provide detailed description of services to be provided by each subcontractor, referencing the applicable Section or subsection of this RFP.

5.9 Section 4- Cost Proposal

Bidders must submit their cost proposal in accordance with the Price Sheet(s) included in this RFP as Section 8.0.

5.9.1 Failure to submit all information required will result in your bid being considered non-responsive. Each bidder is requested to hold its prices firm for a minimum of one hundred twenty (120) days so that an award can be made.

5.9.2 Each bidder should also provide a comprehensive listing of all labor categories that may be used to perform additional work and/or special projects or according to the additional work and/or special project clause(s) of this RFP. Loaded hourly rates are to be submitted for all labor categories that the bidder anticipates may be required to perform additional work and/or special projects.

5.9.3 Each bidder may also submit any additional price or cost information that the bidder feels may be required to perform any additional work and/or special projects required by this RFP.

ONLY price and costing information provided by the bidder in its original bid proposal submitted in response to this RFP may later be used for additional work and/or special projects to be paid against the contract resulting from this RFP.

6 PROPOSAL EVALUATION AND CONTRACT AWARD

6.1 Proposal Evaluation Committee

Proposals may be evaluated by an Evaluation Committee composed of members of affected departments together with representative(s) from the Department of Purchasing Services. Representatives from other governmental agencies may also serve on the Evaluation Committee. On occasion, the Evaluation Committee may choose to make use of the expertise of an outside consultant in an advisory role.

6.2 Oral Presentation and/or Clarification of Bids

A bidder may be required to give an oral presentation to the Evaluation Committee concerning its bid proposal. The Evaluation Committee may also require a bidder to submit written responses to questions regarding its bid.

The purpose of such communication with a bidder, either through an oral presentation or a letter of clarification, is to provide an opportunity for the bidder to clarify or elaborate on its bid. The original bid, as submitted, however, cannot be supplemented, changed, or corrected in any way during the evaluation process. No comments regarding other bids are permitted. Bidders may not attend presentations made by their competitors.

It is within the Evaluation Committee's discretion whether to require a bidder to give an oral presentation or require a bidder to submit written responses to questions regarding its bid. Action by the Evaluation Committee in this regard should not be construed to imply acceptance or rejection of a bid. The Purchasing Services' buyer is the sole point of contact regarding any request for an oral presentation or written clarification.

6.3 Evaluation Criteria

The following evaluation criteria categories, not necessarily listed in order of significance, will be used to evaluate bid proposals received in response to this RFP. The evaluation criteria categories may be used to develop more detailed evaluation criteria to be used in the evaluation process.

6.3.1 The bidder's general approach and plans to meet the requirements of this RFP.

6.3.2 The bidder's detailed approach and plans to perform the services required by the Scope of Work Section of this RFP.

6.3.3 The bidder's documented experience in successfully completing contracts of a similar size and scope of those required by this RFP.

6.3.4 The qualifications and experience of the bidder's management, supervisory or other key personnel assigned to the contract, with emphasis on documented experience in successfully completing work on contracts of similar size and scope to those required by this RFP.

6.3.5 The bidder's status as a certified small, minority-owned, women-owned, veteran-owned, LGBT-owned, or Local Business Enterprise, and its declared intent to engage diverse and local subcontractors.

6.3.6 The overall ability of the bidder to mobilize, undertake and successfully complete the contract. This judgment will include, but not be limited to, the following factors: the number and qualifications of management, supervisory and other staff proposed by the bidder to complete the contract, the availability and commitment to the contract of the bidder's management, supervisory and other staff proposed and the bidder's contract management plan, including the bidder's contract organizational chart.

6.3.7 The bidder's cost proposal.

6.4 University Hospital's Right to Consider Additional Information

6.4.1 The Executive Director may obtain any information determined to be appropriate regarding the ability of the bidder to supply and/or render the service required by this RFP.

6.4.2 The Executive Director may consider such other factors that, in the opinion of the Executive Director, are important in evaluating the bidder's proposal and awarding contracts as determined to be in the best interest of University Hospital.

6.4.3 University Hospital reserves the right to request all bidders to explain the method used to arrive at any or all cost or pricing figures.

6.4.4 When making the contract award decision, University Hospital may consider evidence of formal or other complaints against any bidder(s) by University Hospital for contracts held in the past or present by the bidder.

6.4.5 University Hospital reserves the right to check the bidder's financial capacity and ability to successfully undertake and provide the services required by this RFP by any means deemed appropriate.

6.4.6 University Hospital reserves the right to conduct site inspections of any facility(s) serviced by the bidder(s) to assist in judging the bidder's ability to provide the services required by this RFP. This applies to all facilities serviced by the bidder or any sub-contractor to the bidder. This right extends to all facilities of which University Hospital is aware, or about which it becomes aware, that the bidder is servicing, whether or not the facility is listed in the bidder's proposal.

6.5 RIGHT TO WAIVE

The Executive Director reserves the right to waive minor irregularities. The Executive Director also reserves the right to waive a requirement provided that:

- (1) The requirement is not mandated by law;
- (2) All of the otherwise responsive proposals failed to meet the mandatory requirement; and
- (3) In the sole discretion of the Executive Director, the failure to comply with the mandatory requirement does not materially affect the procurement or UH's interests associated with the procurement.

6.6 NEGOTIATION AND BEST AND FINAL OFFER (BAFO)

After evaluating bid proposals, the evaluation committee may enter into negotiations with each bidder in the competitive range, unless there are too many highly rated proposals to evaluate efficiently. In this situation, UH may limit the competitive range to the number of proposals that will permit efficient competition among the most highly rated proposals. The primary purpose of negotiations is to maximize UH's ability to get the best value, based on the requirements and evaluation criteria set forth in the RFP. Negotiations may involve the identification of significant proposal weaknesses, ambiguities and other deficiencies that could limit a bidder's award potential, including price. More rounds of negotiations may be held with one bidder in the competitive range than with another. Negotiations will be structured to safeguard information and ensure that all bidders in the competitive range are treated fairly. When the evaluation committee determines to conclude negotiations, all bidders in the competitive range will be so notified and advised of the time and place for submission of best and final offers. The best and final offer can modify any aspect of the bid proposal, provided mandatory RFP requirements are satisfied and further provided that the revised price proposal is not higher cost than the original price proposal. Any revised price proposal that is higher in cost than the original price proposal will be rejected as non-responsive.

Evaluation of the best and final offers will be on the basis of price and the evaluation criteria set forth in the RFP. If, after review of the best and final offers, clarification is required, it may be sought from the bidders. If further negotiation is desired after evaluation of the revised proposals, it will be followed by another BAFO opportunity.

UH reserves the right to reassess the competitive range before proceeding with a subsequent round of negotiations and BAFO submissions and to remove from the competitive range any proposal that is no longer considered to be a leading contender for award. After evaluation of the final BAFO submissions, the evaluation committee will recommend to the Executive Director for award the responsible bidder(s) whose proposal(s), conforming to the RFP, is most advantageous to UH, price and other factors considered. The Executive Director may accept, reject or modify the recommendation of the Evaluation Committee. The Executive Director may negotiate further cost reductions with the selected bidder.

Negotiations will only be conducted in those circumstances where they are deemed by UH to be in UH's best interests and to maximize UH's ability to get the best value. Therefore, bidders are advised to submit their best technical and price proposals in response to this RFP, because UH may, after evaluation, make a contract award based on the content of these initial submissions, without further negotiation with any bidder.

All contacts, records of initial evaluations, any correspondence with bidders related to any request for clarification, negotiation or BAFO, any revised technical and/or payment proposals, the Evaluation Committee Report and the Award Recommendation, will remain confidential until a Notice of Intent to Award a contract is issued.

NOTE: If UH contemplates negotiation, proposal prices will not be publicly read at the proposal submission opening. Only the name and address of each bidder will be publicly announced at the proposal submission opening.

6.7 Contract Award

The contract shall be awarded with reasonable promptness by written notice to that responsible bidder whose bid, conforming to the invitation for bids, will be most advantageous to UH, price and other factors considered. Any or all bids may be rejected when the Executive Director determines that it is in the public interest to do so.

6.8 Bidder's Option to Challenge the Bid Specification or Contract Award

Except in cases of emergency, under current UH policy, a bidder may challenge the bid specification or a proposed contract award.

For a protest of bid specification, the challenge must be received by the UH buyer of record with a copy to the Executive Director of Supply Chain Management ("Executive Director") no later than 5:00PM EPT on the second business day after the close of the question and answer period. Any protest of bid received after the deadline shall be rejected as untimely, and the Hospital shall proceed to evaluate all proposals timely received under this RFP.

A bidder's protest of award must be submitted to the buyer of record with a copy to the Executive Director within ten (10) business days of receipt of notice to the bidder that it did not receive a contract award for its submitted bid proposal or notice that an award has been made to another bidder. The protest period may be shortened by the Executive Director of Supply Chain Management. If the protest period is shortened or a protest period is not authorized due to emergency, all bidders will receive notice of the shortened protest period or emergency in the notice sent to bidders on the award of the contract.

Notices of contract award under this section may be faxed, e-mailed, sent by regular mail or by any other means, excluding telephonic communication, conducive to transmitting the notice. If notice is sent by regular mail, the recipient is deemed to have received the notice three (3) days after mailing.

If a bidder files a timely protest of bid or award under this section, the bidder must set forth in writing with specificity the basis of the protest. At the time of the protest filing, the bidder must also submit all documentation supporting the basis of the protest. Failure to comply with these requirements may lead to rejection of the protest and UH award of the contract.

A timely filed protest will be reviewed and addressed with reasonable promptness. If deemed necessary by the Executive Director, a hearing may be held on the merits of the protest. In all cases, the Executive Director will notify the bidder of any process or filing requirements and the final determination thereof.

7 BIDDER’S RESPONSE OF “NO” TO SCOPE OF WORK REQUIREMENTS

The bidder should provide information for which a “NO” answer is given to any of the Scope of Work Requirements in Section 3.0. The information should include a thorough explanation for not meeting the requirement and alternative which may substitute the requirement.

University Hospital Supplier Diversity and Vendor Development Program

It is the policy of University Hospital to encourage and afford contracting opportunities for diverse and local suppliers while ensuring that it receives the highest quality products and services at the most economical cost. The UH Supplier Diversity Program is founded on the principles of fair and equitable business practices and social responsibility to the communities we serve. We are committed to be a valuable, contributing member of those communities. Supplier diversity is an important part of that commitment.

A wide range of suppliers is needed to support University Hospital's clinical and business operations. Through our Supplier Diversity Program, we are dedicated to diversifying our supplier base to include minority-owned, women-owned, veteran-owned, LGBT-Owned, small, and local businesses wherever possible. We actively seek to include diverse suppliers in bidding opportunities wherever possible.

A Diverse Supplier is a University Hospital supplier certified as one of the following:

- **Minority Business Enterprise (MBE)** - An enterprise presently located in the United States or its trust territories that is at least 51% owned by African Americans, Hispanic Americans, Native Americans, Asian Indian Americans or Asian Pacific Americans. Individual(s) must be involved in the day-to-day management of the business. Certification is provided by the following organizations: National Minority Supplier Development Council (NMSDC); National Minority Business Council (NMBC); NY/NJ Minority Supplier Development Council; US Pan Asian Chamber of Commerce (USPAACC).
- **Woman Business Enterprise (WBE)** - An enterprise presently located in the United States or its trust territories that is at least 51% owned, controlled, and operated by a woman or women of US citizenship. The Small Business Act states that a small business concern is "one that is independently owned and operated, and which is not dominant in its field of operation." The law also states that in determining what constitutes a small business, the definition will vary from industry to industry to reflect industry differences accurately. Verification is provided by The Small Business Administration, and New Jersey Department of Treasury, Division of Revenue, which maintains the NJSAVI Database.
- **Local Business Enterprise (LBE)** - An enterprise with its headquarters or significant business operations physically located in Newark, NJ or University Hospital's Primary Service Area, which includes, in addition

to Newark, Belleville, Bloomfield, East Orange, Elizabeth, Harrison, Hillside, Kearny, North Arlington, Nutley, Orange, Union and West Orange, NJ.

The Parties also have entered into a RFP # UH-P22-014: Consulting Services made effective on _____ (“Underlying Agreement”). Any conflict between the terms of this BAA and the Underlying Agreement between the Parties shall be governed by the terms of this BAA.

WITNESSETH

WHEREAS, the purpose of this BAA is to satisfy certain requirements of the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”), the Health Information Technology for Economic and Clinical Health Act (Title XIII of the American Recovery and Reinvestment Act of 2009) (“HITECH”), and associated federal rules that requires the Covered Entity to obtain written assurances from the Business Associate that the Business Associate will appropriately safeguard protected health information (“PHI”) as defined under the HIPAA Rules referenced below; and

WHEREAS, the Business Associate recognizes and is willing to comply with the specific requirements pursuant to HIPAA, HITECH, and the Omnibus Final Rule (2013); and

WHEREAS, in connection with the Underlying Agreement, the Covered Entity has or shall engage the Business Associate to provide services involving the use or disclosure of PHI;

NOW, THEREFORE, in consideration of the promises and mutual covenants set forth in the Underlying Agreement and contained herein, the Parties, intending to be legally bound, hereby agree as follows:

1. Definitions

1.1. General. The following terms used in this BAA shall have the same meaning as those terms in the HIPAA Rules: Breach, Business Associate, Covered Entity, Data Aggregation, Designated Record Set, Disclosure, Health Care Operations, Individual, Minimum Necessary, PHI, Required By Law, Secretary, Security Incident, Subcontractor, and Unsecured PHI. Terms used, but not otherwise defined in this BAA, shall have the same meaning as those terms are given when defined in the HIPAA Rules.

1.2. Specific Definition. “HIPAA Rules” shall mean the regulations promulgated under HIPAA by the United States Department of Health and Human Services including, but not limited to, the HIPAA Privacy Regulations (45 C.F.R. Part 160 and 45 C.F.R. Part 164, Subparts A and E); the HIPAA Security Regulations (45 C.F.R. Part 160 and 45 C.F.R. Part 164, Subparts A and C); and the HIPAA Breach Notification Regulations (45 C.F.R. Part 160 and 45 C.F.R. Part 164, Subparts A and D); all as amended by the HIPAA Omnibus Final Rule, and as otherwise may be amended from time to time.

2. Obligations and Duties of Business Associate

The Business Associate agrees to:

2.1. Not use or disclose PHI other than as permitted or required by this BAA or as Required by Law.

2.2. Use appropriate safeguards and comply with Subpart C of 45 C.F.R. Part 164 with respect to electronic PHI, to prevent use or disclosure of PHI other than as provided for by this BAA.

2.3. In accordance with this Section 2.3, immediately report to the Covered Entity any use or disclosure of PHI by the Business Associate and/or its Subcontractors not provided for by this BAA of which it becomes aware, including, but not limited to, Breaches of Unsecured PHI as required at 45 C.F.R. §164.410, and any Security Incident of which it becomes aware. Upon discovery a Breach of PHI or a Security Incident, Business Associate shall provide immediate oral notification of the Breach or Security Incident to the Privacy Officer of the Covered Entity. Business Associate shall also provide written notification of the Breach to the Covered Entity, no later than five (5) days after discovery of the Breach or Security Incident, and the content of such notice shall be consistent with 45 CFR § 164.410. If Business Associate has been advised, orally or in writing, by law enforcement officials that notification of affected individuals may impede a criminal investigation, Business Associate shall so inform the Covered Entity. Notwithstanding any other provision of this BAA, Business Associate agrees to reimburse the Covered Entity for any and all reasonable expenses (e.g., cost of mailing, media, credit monitoring, etc.) incurred by the Covered Entity in carrying out the obligations of the Covered Entity under the HIPAA Rules to notify individuals affected by a Breach or Security Incident of Business Associate or its Subcontractor. In the alternative and upon agreement of the Parties, Business Associate may directly undertake all or parts of such obligations and expenses in lieu of the herein provided reimbursement.

2.4. Mitigate, to the extent practicable, any harmful effect that is known to Business Associate of a use or disclosure of PHI by Business Associate, or a Subcontractor of Business Associate, in violation of the requirements of this BAA, and consult with the Covered Entity regarding such mitigation.

2.5. In accordance with 45 C.F.R. §§164.502(e) (1) (ii) and 164.308(b) (2), if applicable, Business Associate shall require any subcontractors (including, without limitation, independent contractors or agents, (“Subcontractor”)) that create, receive, maintain, or transmit PHI on behalf of the Business Associate to enter into a written agreement with Business Associate whereby Subcontractor agrees to the same restrictions, conditions, and requirements that apply to the Business Associate with respect to such PHI. Such agreement shall identify the Covered Entity as a third-party beneficiary with rights of enforcement in the event of any violations. If Business Associate discovers a material breach or violation of the agreement between itself and any Subcontractor, Business Associate must require the Subcontractor to correct the violation or terminate said agreement. The Business Associate shall be permitted to engage the use of a Subcontractor to perform or assist in the performance of the services that involve use or disclosure of PHI to the Subcontractor or creation of PHI by the Subcontractor only if approved in writing by the Covered Entity.

2.6. Make available PHI in a Designated Record Set to the Covered Entity or, as directed by the Covered Entity, to an Individual as necessary to satisfy the Covered Entity’s obligations under 45 C.F.R. §164.524, no later than thirty (30) days from the date on which the Covered Entity makes the request. Business Associate agrees, upon the direction of the Covered Entity, to provide an Individual with a copy of his or her Electronic Health Record in electronic format.

2.7. Make any amendment(s) to PHI in a Designated Record Set as directed or agreed to by the Covered Entity pursuant to 45 C.F.R. §164.526, or take other measures as necessary to satisfy the Covered Entity’s obligations under 45 C.F.R. §164.526, no later than fifteen (15) days from the date on which the Covered Entity makes the request.

2.8. Maintain and make available the information required to provide an accounting of disclosures to the Covered Entity as necessary to satisfy the Covered Entity’s obligations under 45 C.F.R. §164.528.

2.9. To the extent the Business Associate is to carry out one or more of the Covered Entity's obligation(s) under Subpart E of 45 C.F.R. Part 164, comply with the requirements of Subpart E that apply to the Covered Entity in the performance of such obligation(s).

2.10. Make its internal practices, books, and records available to the Secretary of HHS for purposes of determining compliance with the HIPAA Rules.

2.11. In the event the Business Associate receives a request from an Individual in connection with any of such Individual’s PHI (whether a request for access, amendment, accounting of disclosures or any other request of

any nature or description), the Business Associate shall immediately notify the Covered Entity of such request and cooperate with the Covered Entity's instructions in responding to such request.

2.12. The Business Associate shall immediately cooperate with the Covered Entity to amend, restrict or change any use or disclosure of any Individual's PHI in the Business Associate's control or within the control of a Subcontractor.

2.13. Business Associate shall implement and use such technologies and methodologies, including without limitation, Encryption and Destruction, which the Secretary of HHS identifies from time to time as rendering PHI unusable, unreadable, or indecipherable to unauthorized individuals, as appropriate to safeguard PHI.

3.1. Except as otherwise limited in this BAA, Business Associate may use and/or disclose PHI to perform functions, activities, or services for, or on behalf of, Covered Entity as specified in the Underlying Agreement, provided that such uses and/or disclosures would not violate the requirements of the HIPAA Rules, if done by Covered Entity.

3.4. The Business Associate may disclose PHI for the proper management and administration of the Business Associate or to carry out the legal responsibilities of the Business Associate, provided the disclosures are Required by Law, or the Business Associate obtains the following:

3.4.1. Written approval from the Covered Entity; and

3.4.2. Reasonable assurances from the person to whom the PHI is disclosed that (i) the PHI will remain confidential and used or further disclosed only as Required By Law or for the purposes for which it was disclosed to the person, and (ii) the person will immediately notify the Business Associate of any instances of which it is aware in which the confidentiality of the PHI has been Breached.

3.5. Business Associate may provide Data Aggregation services relating to the Health Care Operations of the Covered Entity if requested by the Covered Entity in writing.

3.6. The Business Associate shall not use de-identified PHI in any manner without the express written authorization of the Covered Entity.

Upon termination of this BAA for any reason, the Business Associate, with respect to PHI received from the Covered Entity, or created, maintained, or received by the Business Associate on behalf of the Covered Entity, shall: (i) retain only that PHI which is necessary for the Business Associate to continue its proper management and administration or to carry out its legal responsibilities as approved by the Covered Entity in writing after the Covered Entity has an opportunity to consider whether any PHI must be reasonably retained by the Business Associate for such purposes; (ii) return to the Covered Entity or, if agreed to by the Covered Entity in writing, destroy the remaining PHI that the Business Associate and/or any Subcontractors still maintain in any form; (iii) continue to use appropriate safeguards and comply with Subpart C of 45 C.F.R. Part 164 with respect to electronic PHI to prevent use or disclosure of the PHI, other than as provided for in this Section, for as long as the Business Associate retains any PHI as approved by the Covered Entity in writing; (iv) not use or disclose the PHI retained by the Business Associate (and ensure that any Subcontractors agree to also not use or disclose) other than for the purposes for which such PHI was retained and subject to the same conditions set forth in this Section 5.3, and in accordance with all protections and restrictions on the use and disclosure of PHI as contained in this BAA; and (v) return to the Covered Entity (or, if agreed to by the Covered Entity in writing, destroy the PHI) retained by the Business Associate when it is no longer needed by the Business Associate for its proper management and administration or to carry out its legal responsibilities.

5.4. Survival. The obligations of Business Associate under this Section 5 shall survive the termination of this BAA.

These terms are in addition to the terms and conditions set forth in the solicitation document and should be read in conjunction with same unless the solicitation document specifically indicates otherwise. If a bidder proposes changes or modifications or takes exception to any University Hospital's terms and conditions, the bidder must so state specifically in writing in the bid proposal. Any proposed change, modification, or exception in University Hospital's terms and conditions by a bidder will be a factor in the determination of an award of a contractor purchase agreement.

2.0 STATE LAW REQUIRING MANDATORY COMPLIANCE BY ALL CONTRACTORS

2.1 Corporate Authority

All New Jersey corporations must obtain a Certificate of Incorporation from the Department of the Treasury, Division of Revenue, prior to conducting business in the State of New Jersey.

This appointment of the State Treasurer shall be irrevocable and binding upon the bidder, its heirs, executors, administrators, successors or assigns. 3.2 Executive Director's Right of Final Bid Acceptance

The contract shall be awarded to that responsible bidder whose bid, conforming to the solicitation document, will be most advantageous to University Hospital, price and other factors considered. The Executive Director reserves the right to reject any or all bids, or to award in whole or in part if deemed to be in the best interest of University Hospital to do so.

3.3 Causes for Automatic Rejection of Bids

Bids may be automatically rejected for the following reasons:

If the alteration has not been so initialed, that particular item only in the bid will be automatically rejected, except as follows: If the extended price is correct and does not contain alterations, it shall be considered the bid price. If the extended total price does not contain alterations and the altered unit price is not initialed, the extended total price is considered as the bid price. In the event of an automatic rejection of a price (or prices), when the bid contains multiple items, the remainder of the bid will be evaluated;

Section 952 of the Omnibus Reconciliation Act of 1980 (P.L. 96-499) requires that providers include in contracts for services a provision allowing the Federal Government to have access to all documents and records that are needed to verify the Contractor's cost, if the value of the contract over 12 months is at least \$10,000.

3.6 Brand Name Specification

When a specification requires a particular manufacturer or brand, it indicates the quality and characteristics of the item being specified. In case of default, University Hospital reserves all rights, inclusive of, but not limited to, the right to purchase material and/or to complete the required work in accordance with the New Jersey Administrative Code and to recover any actual excess costs from the Contractor. Collection against the bid security shall be one of the measures available toward the recovery of any excess costs.
